ADVANCED DENTAL SOLUTIONS

TEETH STRAIGHTENING AND INVISALIGN

Having straight teeth and a healthier beautiful smile is easy with the latest CLEAR braces and INVISALIGN (No Braces) systems.

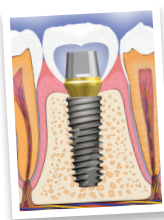

LOOSE DENTURE STABILISATION AND MINI DENTAL IMPLANTS

Loose Dentures? Get rock solid tight dentures and eat anything you want in ONE visit. No more glues and adhesives. Proven and affordable technique.

DENTAL IMPLANTS

Replace missing teeth permanently and recreate your smile with a natural look and feel. For single, multiple and all missing teeth, dental implants offer a fantastic way of giving you the confidence to smile again.

SEDATION DENTISTRY

Overcome fear and anxiety associated with dental treatment with "Sleep Dentistry". Safe and effective, you can now sleep like a baby and experience complete comfort and relaxation during treatment.
